Dear our valued customers/clients and stake holders,

As part of rebranding process that Gianti Logistics Ltd underwent, we're pleased to announce changing our company logo and motto.

As a result we will be able to provide even more value to you and all our stakeholders.

The Logo change doesn't affect the legal personality of the existing entity which retains its right and obligations in all existing legal relationships with all parties.

It nevertheless remains part of our communication strategy to maintain transparency and keep clients and stakeholders fully apprised of developments around the logo and motto change process.

We appreciate your support and continued confidence in us.

Gianti Logistics
MANAGING DIRECTOR
